GEOTECHNICAL EXPLORATION

NOVEMBER 9, 2011

Background: The initial parcel selections were based on utilizing the most current available data, which included aerial photos, previously drilled holes and other pertinent data to assist in the proposed hole location.

Sites were selected with respect to the alignments identified in the Conceptual Engineering Report (CER) and after consultation with the members of the DHCCP team, which included staff from the environmental, real estate, engineering, and geotechnical disciplines. The criteria established by the team was to obtain relevant soil information for preliminary and final design of facilities and permitting requirements (US Army Corps of Engineers, Division of Safety of Dams, etc.), providing consistency with temporary entry permit language and landowner concerns, to implement and follow the Mitigated Negative Declaration language and required permits, and species to minimize overall impacts. A majority of the sites were selected to provide information and data primarily for the intakes, river crossings, Intermediate Forebay, and the Byron Tract Forebay. Additional sites were selected for the Pipeline/Tunnel Option.

After the Superior Court issued Order, DWR filed a renewal motion requesting two entry days to conduct surveys solely for the purpose of hole placement. Most of the landowners opposed this motion. The Superior Court declined to rule on the motion on the grounds that the matter was stayed pending DWR's appeal of the Order.

AGENDA ITEM NO.	9.
LAND OWNER	Fahn Family
DWR PARCEL NO.	DCAP-190
APN	142-0060-029
EXPLORATION NO.	DCA-CPT-034 DCA-DH-034
FACILITY	Within Proposed Footprint of Intermediate Forebay/ Tunnel
METHOD	CPT/DH
DEPTH	200
REMARKS	ICF-Pipeline-Tunnel Option; the proposed boring/CPT are located along the tunnel at a short distance from the Intermediate Forebay. The locations of these CPT/DH are essential to collect geologic data to help identify impacts on local environmental setting resulting from pipeline-tunnel excavation, the collection of dissolved gas (if any), to determine the optimum tunnel profile along the entire alignment, to address the construction method for tunnel construction shafts and its temporary support during shaft excavation, and to evaluate the potential need and method for soft/weak soft mitigation and improvement.

Subject: Purchase of Property Rights

Our records indicate that you are the owner of certain property situated in Sacramento County, identified as Assessor's Parcel No. 142-0060-029-0000. The State of California Department of Water Resources (DWR), proposes to purchase property rights over this property, identified as DWR Parcel No. DCAP-190, to accomplish the goals of the Bay Delta Conservation Plan.

Section 7267.2 of the California Government Code and the California Relocation Assistance and Real Property Acquisition Guidelines require that each property owner from whom the State of California purchases real property, or an interest therein, be provided with a summary of the appraisal of the real property, or interest therein, as well as the following information:

1. You are entitled to receive full payment prior to vacating the real property rights being purchased, unless you have heretofore waived such entitlement. You are not required to pay recording fees, transfer taxes, or the pro rata portion of the real property taxes which are allocable to any period subsequent to the passage of title or possession.
2. The State will offer to purchase any remnant considered by the State to be an uneconomical unit which is owned by you and which is contiguous to the land being conveyed.
3. The rights to be acquired include a 16 square foot Permanent Non-Exclusive Easement, a 10,000 square foot Temporary Construction Easement, and a 55,120 square foot Temporary Access Easement.

4. The market value of the property rights being purchased is based upon a market valuation, which is summarized in the enclosed Valuation Summary Statement. As full just compensation for the property rights to be acquired, we offer you \$ [REDACTED], as shown on the enclosed Right of Way Contract.

The State's offer:

- a. Represents the full amount of just compensation for the property rights to be purchased;
 - b. Is not less than the approved valuation of the fair market value of the property as improved;
 - c. Does not reflect any consideration of, or allowance for, any relocation assistance and payments or any other benefits to which you may be entitled; and
 - d. Disregards any decrease or increase in the fair market value of the real property rights to be acquired prior to the date of valuation caused by the public improvement for which the property is to be acquired, or by the likelihood that the property would be acquired for such public improvement, other than that due to physical deterioration within the reasonable control of the owner or occupant.
5. In accordance with Section 1263.025 of the California Code of Civil Procedure you are entitled to seek a second opinion on the value of your property and to receive reimbursement of up to \$5,000 to pay for reasonable appraisal costs. In order to be reimbursed, you must sign an Appraisal Costs Reimbursement Agreement and engage an appraiser licensed by the State of California with the Office of Real Estate Appraisers. The appraiser must be either a MAI designated appraiser or hold an equivalent designation recognized by the Appraisal Foundation. For further information on the requirements for reimbursement and to ensure that you are aware of proper procedures, please contact DWR prior to engaging an appraiser. The request for an Appraisal Costs Reimbursement Agreement may be submitted to the Department of Water Resources, Real Estate Branch, 1416 Ninth Street, Room 425, Sacramento, California 95814.
6. The owner of a business conducted on a property to be acquired, or conducted on the remaining property, which will be affected by the purchase of the required property, may be entitled to compensation for the loss of goodwill. Entitlement is contingent upon the Grantor's ability to prove such loss in accordance with the provisions of Sections 1263.510 and 1263.520 of the Code of Civil Procedure.

7. If you ultimately elect to reject the State's offer for your property, you are entitled to have the amount of compensation determined by a court of law in accordance with the laws of the State of California.

Included as part of this package, you will find the following information relating to this proposed acquisition:

- Valuation Summary Statement
- Right of Way Contract
- Easement Deed
- Map of the Proposed Acquisition Area
- Comparable Data List
- Comparable Sales Map
- Payee Data Record

Please sign and date the Deed **exactly** as shown in the designated location and have your signature **notarized**. If needed, a Public Notary can be made available to notarize your signature(s). Also, sign and date **two** copies of the Right of Way Contract and complete Sections 2-5 of the Payee Data Record. The Payee Data Record is needed in order for the State to issue payment. Please return the signed Right of Way Contracts and the Payee Data Record along with the notarized Deed in the envelope provided. A fully executed copy of the Contract will be forwarded to you at a later date.

If you have any questions or need additional information, you may contact me directly by telephone at (916) 654-7560 or toll free at (866) 688-3227.

Sincerely,

Carolyn Dabney

TELEPHONE CALLS (9)

- DWR called and/or left messages requesting return call. (8/04/11, 8/16/11, 9/15/11, 10/12/11, 10/14/11, 10/17/11, and 10/24/11)
- DWR called; lengthy discussion with owner's representative. Discussed the project and the FWO. Representative informed DWR that the ownership is withholding any decision until "process goes through the court system". Representative expressed concerns regarding hazardous materials and will not authorize entry primarily due to this concern; ownership is requesting DWR to indemnify for any hazardous waste findings. Requested independent appraisal; Appraisal Cost Reimbursement Agreement mailed to representative. (8/23/11 and 9/14/2011)

EMAILS (3)

- Email to owner's representative regarding CWC meeting and providing update on the status of resolutions; requesting confirmation of outstanding issues. (10/17/11 and 10/28/11)
- Email from owner's representative reiterating position that the owners need to be held harmless in every respect from toxics to damages in order to reach agreement. (10/28/11)
- Email to owner's representative regarding elimination of environmental lab testing and offering to discuss any other solutions to reach an agreement. (11/04/11)

OTHER (1)

- Spoke with owner's representative at the CWC meeting; ownership is not willing to authorize entry unless DWR provides hazardous waste indemnification. Ownership will proceed through the eminent domain process. (9/21/11)

Areas of Main Concern to Owner and DWR's Response

- Owner identified concerns with finding hazardous materials on property.

DWR informed owner's representative that any hazardous materials found must be reported to the appropriate agencies; DWR will not provide indemnification for hazardous materials. **No specific concerns identified in relation to the location of the proposed drill sites.**

Why Necessary to Initiate Eminent Domain Action

DWR has been unable to reach an agreement to acquire the necessary property rights through either negotiation or attempted negotiation. DWR desires to initiate eminent domain action to ensure that DWR meets its geotechnical schedule.
